

SoCalREN Advisory Committee Meeting

Wednesday, March 22, 2023
10:30 am - 12:00 pm

Administration

- This webinar is being recorded
- Please keep microphone muted unless you want to speak
- If you are experiencing any technical issues during the webinar, please contact Presley Aviles at ***paviles@energycoalition.org***

Directions for Chat

- We will be having an open discussion throughout the meeting!
- To facilitate orderly discussion while others are speaking, we are going to be using the “raise hand” function.
- If you would like to ask your question verbally click on the “raise hand” function so we can unmute you.
- If you would not like to be unmuted, send us your question or comment through the chat!

Breakout Rooms

Quick Connect

- Are you attending an in-person conference this year? Which one(s)?
- Are there any grants you are currently pursuing or recently secured this year? Which one(s)?

Regulatory Updates

Patrick Ngo, Lincus

A.22-03-011 - SoCalIREN 2024-2031 Business Plan

What: Authorization and funding for 2024-2031 EE programs

What's new:

- ALJ canceling several 2023 procedural events (1/30)
 - Status conference, Evidentiary hearing, Briefs
- PD on [reducing incentives](#) for EE gas measures (3/3)
 - 2022 [Staff Proposal](#)

What's next:

- Final Party Comments due April 3. Replies due April 10.
- Final Decision expected by Q3 2023
- SCR BP documents and public webinar recording can be found [here](#)

Phasing Out EE Natural Gas Incentives

What: Additional action is needed for CA to meet its decarbonization goals

Aug 2022 Staff Proposal provided draft schedule for 10-year incentive phase out.

March 2023 PD Proposes:

- Eliminating incentives for Residential and Commercial *New Construction* measures starting in 2024
- Developing Technical Guidance on *Viable Electric Alternative*
- Market Studies on low-income customer impact

What's next:

- Opening Comments due 3/23
- Replies due 3/30

R.13-11-005 EE Rolling Portfolio / CAEECC

Recent Development	Impact to LG & Constituents Served
<ul style="list-style-type: none"> • PD on CAEECC Compensation Task Force Motion 	<ul style="list-style-type: none"> • Use unspent EE funds to allow underrepresented stakeholders to participate in EE proceeding
<ul style="list-style-type: none"> • Draft CPUC Equity + Clean Energy Grant Programs 	Grants: <ul style="list-style-type: none"> • Public Participation • Equity Engagement • Clean Energy Access
<ul style="list-style-type: none"> • D.23-02-002 – EE Issues 	<ul style="list-style-type: none"> • Expands Strategic Energy Management • IOU-REN Data Sharing
<ul style="list-style-type: none"> • Year 4 REN Evaluation Study 	<ul style="list-style-type: none"> • Draft report expected by March • To support development of REN performance metric

What's next:

- Focus is on Business Plan review

R.20-08-020 - NEM Net Billing Tariff

What: Tariff for customers who generate their own energy and receive credit for any surplus exported to the grid

What's new:

- [D.22-12-056](#) adopts new tariff structure (12/15)
 - Reduces credit customers receive for exports to the grid
 - Additional credit adder for residential and low-income customers
 - Encourages solar + battery storage systems w/ 9-year payback
- Several requests for D.22-12-056 to be reheard by CPUC
- CPUC to develop additional record on Virtual Net Energy Metering (VNEM) and Net Energy Metering Aggregation (NEMA)

What's next:

- Develop VNEM and NEMA tariffs (2023)
- Awaiting CPUC response on rehearing requests

Other Proceedings

Proceeding #	Proceeding Topic	Update
R.19-09-009	Microgrids	<ul style="list-style-type: none">• Proposed Decision on Microgrid Incentive Program (MIP) (2/09)• Commission vote held until April 6
R.20-08-022	Clean Energy Financing	<ul style="list-style-type: none">• Awaiting PD on 2022 program proposals
A.12-12-009	SCE Building Electrification Program	<ul style="list-style-type: none">• Review of \$680M Application ongoing• PD expected by April 2023
R.22-07-005	Advance Demand Flexibility through Electric Rates	<ul style="list-style-type: none">• PD to adopt Rate and Demand Flexibility design principles (3/17)
R.21-06-017	Modernize Grid for High DER Future	<ul style="list-style-type: none">• Kicking off Track 1: Distribution Planning Process
R.18-12-006	Vehicle Electrification	<ul style="list-style-type: none">• Complying with D.22-11-040 to set up 2025-2029 funding cycle

Opportunities

Need/Have Board

View all Opportunities

Policy Drives Investment

Agencies Scope/ Design Assistance Programs & Gather Input

Applicants Apply to Funding Solicitation

State

- FY 21-22 Budget (\$15B climate resilience)
- FY 22-23 Budget (\$38.8B climate change)
- Cap and Trade auction revenue allocations (~\$19B raised since 2013)
- **NEW** FY 23-24 Budget (letter opposing \$6B in cuts to climate programs)
- Other legislative action (e.g. SB 852 local climate resilience financing districts, **NEW** SB 511 statewide local GHG inventories)
- State agency proceedings (e.g. *CPUC microgrid, CEC IEPR, *CARB Scoping Plan)

Federal

- Infrastructure Investment and Jobs Act (IIJA) (2021) = \$47B in climate resilience funding
- FY 22-23 Budget (\$44.9B climate change)
- Inflation Reduction Act (IRA) (2022)
- **NEW** Biden's Proposed FY 23-24 Budget (\$52.2B climate change)

Funding

- OPR: [Adaptation Planning Grant](#) (Round 1: \$10M) - due March 31, 2023
- SGC: [Affordable Housing Sustainable Communities \(AHSC\)](#) (\$750M) - due April 4, 2023
- EPA: [Environmental Justice Collaborative Problem-Solving \(EJCPS\)](#) - due April 10, 2023
- EPA: [Environmental Justice Government-to-Government Program \(EJG2G\)](#) - due April 10, 2023
- EPA: [Climate Pollution Reduction Grants \(CPRG\)](#) - Metro area Notice of Intent due April 28, 2023, application due May 31, 2023
- DOE: [Energy Efficiency and Conservation Block Grant \(EECBG\)](#) (\$550M IILJ) - fill out Pre-award Information Sheet by April 28, 2023 -DOE: [Buildings Upgrade Prize \(Buildings UP\) Phase 1](#) - winners selected March-May until funds are expended
- CEC: [CA Automated Permit Processing Program \(CalAPP\)](#) (\$20M) - due May 2, 2023
- SCG: [Transformative Climate Communities](#) - due August 1, 2023, free TA available now
- IRS: **[Consumer clean energy tax credits live!](#)**

On the horizon ... (applications anticipated in next 3 months)

- OPR: [Regional Resilience Planning & Implementation Grant](#) Round 1: \$25M NOFA - Spring 2023
- DOE: [Energy Efficiency and Conservation Block Grant \(EECBG\)](#) (\$550M IILJ) - Competitive Q1 2023
- DOE: [Building Codes Implementation for Efficiency and Resilience](#) - TBD
- **DOE: [Home Energy Rebate Program \(IRA, \\$582M allocated to CA\)](#) see [summary](#) (\$582 State allocation)**
- EPA: [EPA's Environmental and Climate Justice Program](#) - Summer 2023
- EPA: [GreenHouse Gas Reduction Fund](#) - Summer 2023

Input

- SGC: [Draft Round 2 Regional Climate Collaboratives Program Guidelines](#) - Comment period ends April 15, 2023
- CARB/CCEC Listening Sessions: Addressing Obstacles to Local Climate Action Planning - April 26, 2023 (more details to come)
- **CEC Home Energy Rebate Programs Workshops (more details to come)**

Other Assistance

- **CivicWell: [CivicSpark](#) - Apply to host a fellow**
- Access Clean CA: [EV Incentives Benefits Tool](#)

Opportunity Spotlight (Fed)

IRA-Funded EPA Climate and Environmental Justice Programs

Below are EPA's climate and environmental justice programs under the Inflation Reduction Act relevant to state and local governments, tribes, and community-based organizations.

[Environmental Justice Government-to- Government Program \(EJG2G\)](#) (\$70M)

Eligible: Partnerships between State, Local, Tribal Governments and CBOs

For: Building collaborative partnerships with other stakeholders (e.g., local businesses and industry, local government, medical service providers, academia, etc.) to develop solutions to environmental or public health issue(s) at the community level.

Max Award: \$1 million

Apply by: **April 10, 2023**

[Climate Pollution Reduction Grants \(CPRG\) Program](#) (\$5B)

Eligible: States, territories, tribes, air pollution control agencies, and local governments

For: Developing and implement plans for reducing greenhouse gas emissions and other harmful air pollution.

Max Award: Pending program guidelines

Apply by: **Metro area Notice of Intent for Non-competitive planning grants due April 28, 2023, application due May 31, 2023**

[Environmental Justice Collaborative Problem-Solving \(EJCPS\)](#) (\$30M)

Eligible: CBOs

For: Gov activities that lead to measurable environmental/public health impacts in communities disproportionately burdened by environmental harms

Max Award: \$500,000

Apply by: **April 10, 2023**

[Environmental and Climate Justice Block Grant Program](#) (\$3B)

Eligible: CBOs or partnerships between CBOs and Tribe, local government or institute of higher education

For: Financial and technical assistance to carry out environmental and climate justice activities to benefit disadvantaged communities (e.g. mitigating air pollution and climate/health risks, climate resilience, facilitating State/fed engagement)

Max Award: \$500,000

Apply by: **TBD Summer**

Opportunity Spotlight (Fed)

DOE Energy Efficiency and Conservation Block Grant

Formula: Eligible Local Governments

Alternative 1

- Cities >35,000 people OR in the top 10 highest populated cities in the state
- Counties > 200,000 people or in the top 10 highest populated counties in the state

Alternative 2

- Cities > 50,000 or counties >200,000 people

Fill out Pre-award Information Sheet by April 28, 2023

Eligible Uses Span Wide Range – Strategy Development to Clean Energy Deployment

Eligible Uses of Funds

- | | |
|---|---|
| 1. Strategy Development | 10. Material Conservation Programs |
| 2. Technical Consultant Services | 11. Reduction and Capture of Methane and Greenhouse Gases |
| 3. Building Energy Audits | 12. Traffic Signals and Street Lighting |
| 4. Financial Incentive Programs | 13. Renewable Energy Technologies on Government Buildings |
| 5. Energy Efficiency Retrofits | 14. Programs for Financing, Purchasing, and Installing Energy Efficiency, Renewable Energy, and Zero-Emission Transportation (and associated infrastructure) Measures |
| 6. Energy Efficiency and Conservation Programs for Buildings and Facilities | 15. Any Other Appropriate Activity |
| 7. Development and Implementation of Transportation Programs | |
| 8. Building Codes and Inspections | |
| 9. Energy Distribution Tech. for Energy Efficiency | |

New activity added by IJA

Competitive: Eligible Local Governments

- Cities < 50,000 people and NOT in the top 10 highest populated cities in the state
- Counties with populations < 200,000 and NOT in the top 10 highest populated counties in the state

Opportunity Spotlight (Fed)

DOE Buildings Upgrade Prize

The Buildings Upgrade Prize (Buildings UP)

Launched in January 2023, Buildings UP is designed to rapidly scale energy efficiency and efficient electrification building upgrades in communities across the country. The prize is envisioned to consist of four phases over approximately five years.

Application support prizes available for new and under-resourced teams.

Phase 1: Concept

- \$22M+ in Prizes to Teams + Technical Assistance
- Applications due by July 18, 2023
- Seeking 20–60 teams to join the “cooperation.”

www.heroX.com/buildingsUP

Buildings UP | U.S. Department of Energy

Opportunity Spotlight (Fed)

DOE Grid Resilience and Innovation Partnerships (GRIP)

Grid Resilience Funding Available through BIL

Formula Grants	Funding Amount	Next Milestones
Grid Resilience Formula Grants Preventing Outages and Enhancing the Resilience of the Electric Grid / Hazard Hardening (Sec. 40101(d))	\$2.5 billion	• Application open until March 31 st , 2023
GRIP Program	Funding Amount	Next Milestones
Grid Resilience Industry Grants Preventing Outages and Enhancing the Resilience of the Electric Grid / Hazard Hardening (Sec. 40101(c))	\$2.5 billion	• RFI/draft FOA for utilities and in August 2022. Comments d
Smart Grid Grants Deployment of Technologies to Enhance Grid Flexibility (Sec. 40107)	\$3 billion	• RFI/draft FOA released in Aug 14, 2022
Grid Innovation Program Program Upgrading Our Electric Grid and Ensuring Reliability and Resiliency (Sec. 40103(b))	\$5 billion	• RFI/draft FOA released in Aug 14, 2022

3. Grid Innovation Program

**\$5B Total (\$1 billion/year for FY22–26)
FY22 and 23: Up to \$2 Billion**

- ▶ Demonstrate innovative approaches to transmission, distribution, and storage to harden and enhance resilience and reliability; and
- ▶ Demonstrate new approaches to enhance regional grid resilience implemented through States by public and rural electric cooperative entities on a cost-shared basis

Eligible Entities:

- ▶ a State;
- ▶ a combination of 2 or more States;
- ▶ an Indian Tribe;
- ▶ a unit of local government;
- ▶ a public utility commission

Cost Share: 50% Minimum

Opportunity Spotlight (State)

OPR Adaptation and Resilience Grants

Governor's Office of
Planning and Research

Adaptation Planning Grant Program (\$8M in competitive grants)

Eligible: Local and regional public agencies, special districts, non-profits, joint powers authorities, and California Native American Tribes

For: Identifying climate resilience priorities, and support the development of climate resilient projects across the state.

Max Award: \$650,000

Apply by: **March 31, 2023**

Regional Resilience Planning and Implementation Grant Program (\$21.3M for Round 1 in competitive grants)

Eligible: Local public entities, California Native American Tribes, and Community-Based Organizations (CBOs)

For: Regional-scale climate change resilience planning activities and implementation projects

Max Award: \$150,000 for Planning, \$800,000 for Implementation

Apply by: **Intent to apply survey open (+ request for help) now; NOFA anticipated April 26, 2023**

Opportunity Spotlight (State)

SGC Climate-related Programs

Affordable Housing Sustainable Communities (AHSC) (\$750M in competitive grants for Round 7) - due April 4, 2023

Eligible: A locality, developer or program operator, Tribal entity

For: Projects (esp in DACs/LI communities) that reduce GHG emissions by supporting more compact, infill development patterns, encouraging active transportation and transit usage, and protecting Agricultural Land from sprawl development. Project area types: Transit-oriented Dev, Integrated Connectivity, and Rural Innovation

Max Award: \$50M

Apply by: **April 4, 2023**

Regional Climate Collaboratives (\$8.5M in competitive grants for Round 2)

Eligible: California Native American Tribes, community-based organizations and non-profits, local public agencies, small businesses, etc

For: Partnership development, project and plan development, establishment of technical assistance programs or hubs to pursue climate funding, data collection, training and education

Max Award: Small grants \$999,999; Large grants \$1.75M

Apply by: **TBD, comment on draft guidelines by April 15, 2023**

Transformative Climate Communities (\$99.2M in competitive grants for Round 5)

Eligible: CBOs, local governments, non-profit organization, joint powers authorities, councils of governments, etc (multiple applicants required)

For: Empowers communities most impacted by pollution to choose their own goals, strategies, and projects to reduce greenhouse gas emissions and local air pollution. Planning Grant addresses priority planning issues and prepares for future funding opportunities (up to 2 yrs). Project Development Grant funds pre-development activities (up to 2 yrs). Implementation Grants funds holistic proposals with multiple strategies and projects (up to 5 yrs)

Max Award: Planning: \$300K, Project Development: \$5M, \$29.5M

Apply by: **August 1, 2023, free TA available now**

Opportunity Spotlight (State)

Access Clean California
Less pollution, more power

Find Benefits | Explore Options | About | Partners

Find benefits to meet your needs

Electric Vehicles

Save money on gas and breathe cleaner air!
Buying or leasing an electric vehicle is more affordable than ever. See if you qualify for up to \$14,000 in benefits.

[Start with Electric Vehicles](#)

Shared Transportation

Get around cleaner!
Using public transit like buses and trains, electric car sharing programs, and ride hailing services can lower your carbon footprint. You may qualify for thousands of dollars in ride passes, membership discounts and more.

[Coming Soon!](#)

Home Energy Upgrades

Reduce your monthly bill!
Homeowners, you can power your electric vehicle with clean power. Save on your electricity bill by installing solar on your roof!

[Coming Soon!](#)

With incentives like

- Up-front discounts and money back
- Money for home or public charging
- Carpool and toll lanes
- Parking discounts
- Car insurance discounts
- Discounts for E-Bikes

Access Clean California is a statewide project that connects income-qualified residents with clean energy and transportation benefits. It is part of California Climate Investments, a statewide program that puts billions of Cap-and-Trade dollars to work reducing greenhouse gas emissions, strengthening the economy, and improving public health and the environment – particularly in disadvantaged communities.

Access Clean California Mission

- To help people access clean transportation
- To prioritize & serve disadvantaged communities who otherwise would not benefit
- To promote transportation equity
- To create a model for needs-based allocation of program funds
- To support clients through a multi-step process

Grant Best Practices & eSGV Case Study

Nicholas Ryu, SGVCOG

SGVCOG: “eSGV and How We’re Funded”

March 22, 2023

Presented by:
Nicholas Ryu, Sustainability Manager
SGVCOG

eSGV Program

- The eSGV Program provides free home energy efficiency reviews for renters and homeowners in the SGV to save energy & money.
 - The program assists residents in developing short and long-term energy efficiency plans during an appointment (either online or at the person's residence in-person).
 - SGVCOG staff identify opportunities for reducing energy consumption using a checklist and provide residents with information on applicable rebate and incentive programs.
 - Rebates can include local utilities, state, federal, and even SoCALREN programs.
 - [New Renter's Tip Guide](#)
 - eSGV appointments can be made online via sgvcog.org/esgv and take roughly 30 minutes to 1 hour to complete.

eSGV Checklist

	Building Materials	Roof, attic, insulation, windows, doors, and basement/crawlspace
	Heating and Cooling	Heating Ventilation and Air Conditioning (HVAC) systems (i.e. “central air”) room air conditioners, thermostats, fans, and heaters
	Lighting	Light bulbs and lighting fixtures
	Kitchen Appliances	Refrigerator, freezer, oven/stove, dishwasher, and small kitchen appliances
	Laundry Appliances	Washing machine and clothes dryer
	Home and Office Electronics	Televisions, home theater equipment, stereos, computers, gaming equipment, and plug loads
	Indoor Water Usage	Faucets, showers/bathtubs, water heaters, and toilets
	Outdoor Water Usage	Landscaping, rainwater capture, and pools

eSGV Highlights

SGVCOG's eSGV program was featured in the Claremont Courier on August 5th, 2022!

- **CY 2022 Goal of 40 - Accomplished!**
- **CY 2023 Goal of 60 - In Progress**
 - 12 completed in 3 cities
 - The Cities of Alhambra, Claremont, El Monte, and South Pasadena are partnering with us to help promote the eSGV program to their city residents

Claremont resident Riki Wolf holds her grandson Mateo Medak in the kitchen of the home she shares with her husband Ken Wolf. Recently the couple had a free energy audit of their home under a new program called Efficient San Gabriel Valley. COURIER photo/Steven Felschundneff

eSGV Timeline

- **March 2015 - The SGVCOG launched EASY (Energy Assessments for Your Home)**
 - Joint venture funded as the SGV EnergyWise partnership with SoCAL Edison and SoCALGas.
- **2022 - EASY rebranded as eSGV (Efficient San Gabriel Valley)**
 - Partnership with SOCALREN as an initiative

SGVCOG Program Funding Structure

- **Largely a grants and externally-funded organization**
 - If we just collected funding from our member cities for general activities, we'd have about 4 staff vs. 40 current employees
- **Funding sources include:**
 - Member city dues
 - City or JPA specific funding via partnership agreements/MOAs
 - County Measures (Measure H, Measure W, etc...)
 - State Grants (CalTrans, CalRecycle, CPUC, etc...)
 - Federal Grants and Earmarks

SGVCOG Program Funding Examples

- Regional Energy Efficiency Programs

- Funded via the SoCALREN energy partnership
- Previous energy efficiency projects funded by local utility partnerships (SoCal Edison and SoCalGas).
- Identifying grants through the DOE, DOT, CPUC, and CalTrans on grants related to renewable energy, energy storage, and EV infrastructure.

- Regional Water Resilience Program

- Funded via a MOA between member cities in a regional watershed/stormwater compliance program (Upper LA River).
- Funded for special studies through an annual competitive funding cycle and municipal program funds through LA County's Safe Clean Water Program (formerly Measure W).

SGVCOG Program Funding Examples

- Regional Food Recovery Program

- Funded via general fund accounts through city MOAs for program implementation to achieve SB 1383 compliance.
- Applied for federal earmark funding through Senator Padilla's and Senator Feinstein's offices.
- Actively awaiting CalRecycle implementation grants for this year.

- Fire Prep SGV

- Funded via a Regional Mountains Conservancy Outreach and Education grant.
- Funded through two CalFIRE grants for outreach and education and to develop a regional community wildfire prevention plan.

SGVCOG Program Funding Examples

- **Neighborhood Coyote Education Program**

- Funded via general fund accounts through city MOAs for program implementation.
- Applying for a DOI Wildlife Grant.
- Searching for more city participation and funding to expand the program.

- **Regional Broadband Program**

- Funded via a CPUC Local and Technical Assistance Grant for a regional broadband needs assessment and strategic plan.

JPA Funding Tips and Strategies

- Identify grant applications that are eligible for JPAs or coordinate applications with cities or other partners that can apply on behalf of your JPA.
- Consider funding opportunities from other JPAs.
- Determine if applications can be completed by staff or consultants.
- Assess if funding sources can be renewed annually or have expiration dates.
- Develop applications that account for at least 10% of funding going towards JPA staff time and overhead costs.
- Assess funding amounts to apply for that can have your program last multiple years.
- Develop letters of support from partners, member agencies, etc. that understand the importance of a JPA.

A scenic landscape photograph showing a valley with rolling hills, a town, and mountains in the background under a clear blue sky. The foreground is filled with lush green trees, and the middle ground shows a town with white buildings and a prominent tower on a hill. The background features a range of mountains with some snow-capped peaks.
